BOOK NO. 540

BULOVA ALARM

FEATURES

1. Hours Minutes and Seconds Hand Display.
2. Alarm Function up to 12 Hours.
3. Date Display.

A. SETTING THE TIME

1. Pull the Hand Setting crown out to **Position "3"** (See diagram). If the crown has a "screw-down" lock, then unscrew the crown lock first by turning the crown toward you, then pull it to position "3".
2. Turn the crown away from you (hands move clockwise), until the date changes (midnight).
3. Continue turning the hour and minute hands to the correct time. If it is afternoon you must go past 12 o'clock again (noon) to set the correct time.
4. When the correct time is set, push crown back to position "1".

B. SETTING THE ALARM TIME AND THE DATE

1. Pull the Hand Setting crown to **Position "2"** (See above diagram). The watch will continue to run.
2. Turn the crown **toward you** (counterclockwise) to set the correct date.
3. Turn the crown **away from you** (clockwise) to set the **Alarm Hand** to the desired alarm time.
4. Push the crown back to position "1".

C. ALARM - ON/OFF

1. Pull the **Alarm Button out** (watch "beeps" once) to turn the alarm **on**. (See above diagram -2 o'clock position)

The alarm will now activate at the time for which the **Alarm Hand** is set.

2. To turn the alarm OFF, push the button (at 2 o'clock) to the **"in"** position.
